

§ 204.125

bank may purchase directly (Banking Bulletin B-83-58). The Board of Governors has permitted state member banks to purchase, to the extent permitted under applicable state law, shares of money market mutual funds (MMMF) whose portfolios consist solely of securities that the state member bank may purchase directly (12 CFR 208.123).

(d) The Board has determined that an obligation arising from a repurchase agreement involving shares of a MMMF whose portfolio consists wholly of securities of the United States government or any agency thereof¹ would not be a *deposit* for purposes of Regulations D and Q. The Board believes that a repurchase agreement involving shares of such a MMMF is the functional equivalent of a repurchase agreement directly involving United States government or agency obligations. A purchaser of shares of a MMMF obtains an interest in a *pro rata* portion of the assets that comprise the MMMF's portfolio. Accordingly, regardless of whether the repurchase agreement involves United States government or agency obligations directly or shares in a MMMF whose portfolio consists entirely of United States government or agency obligations, an equitable and undivided interest in United States and agency government obligations is being transferred. Moreover, the Board believes that this interpretation will further the purpose of the exemption in Regulations D and Q for repurchase agreements involving United States government or Federal obligations by enhancing the market for such obligations.
